£402.52 per sq/m

The Ivory Fantasy Granite worktop is a premium natural stone sourced from India. Its pale cream base, highlighted with subtle beige, pinkish tones, and black specks, creates a warm and timeless design perfect for both modern and traditional kitchens.

Unlike the cooler tones of Kashmir White, Ivory Fantasy granite adds warmth, making it ideal for kitchens with wood cabinetry, matt painted finishes, or limited natural light.

This granite is not just beautiful it is highly durable. It is resistant to scratches, staining, and etching, and does not require a sealer as frequently as softer stones. Thanks to its low maintenance and consistent colour across slabs, Ivory Fantasy remains a top choice for busy family kitchens.
